

Deferring your Buydown to your Section 457 Plan

To defer funds from your buydown into the Section 457 Plan, you need to complete a *Section 457 Plan Buydown Agreement*.

You must submit the Buydown Deferral Agreement ("Agreement") no later than the last day of the pay period prior to your requested buydown check date.

Occasionally, there is confusion regarding the withholding and taxation issue. The following information may be helpful.

- The Roth option is an **after-tax** deferral so the entire amount of the buydown is subject to taxes.
- The Section 457 Plan **pre-tax** option isn't subject to income taxes but it is subject to applicable deductions including FICA, MEDI, SDI, and retirement contributions (if applicable), and subsequent income taxes on those deductions. These withholdings and taxes can be handled one of two ways:

Option 1: Withheld from your regular earnings, which will maximize your deferral, but reduces your take-home pay,

OR

Option 2: Withheld from your buydown, which will reduce the amount of your deferral, but not your take-home pay.

The Deferred Compensation Program does not process the request to **initiate** your buydown. You must log into VCHRP (Payroll tile > Vacation Buydown Request) and initiate your buydown.

Return completed forms by email or brown mail #1970. If you have any questions, call the Deferred Compensation Program at 805.654.2620 or e-mail us at deferred.compensation@venturacounty.gov.
